

Krakow, February 26, 2024

**The Henryk Niewodniczański Institute of Nuclear Physics Polish Academy of Sciences**

announces a competition for the position

**ADIUNKT /post-doc/ - AP-NZ53/24**

in Department of Applied Spectroscopy /NZ53/

Division of Interdisciplinary Research /NO5/.

Deadline for application :	Expected term of employment:	Type of contract:	Number of positions:	Application address:
May 15th 2024	Second half of 2024 for a fixed period up to 33 Months	contract of employment, full-time at IFJ PAN as the only place of work	1	 <a href="mailto:jobs@ifj.edu.pl">jobs@ifj.edu.pl</a>

<https://www.ifj.edu.pl/en/career/recruitment-procedures.php>**I. Keywords:**

X-rays, X-ray spectroscopy.

**II. Description:**

A person employed as an adjunct (post-doc) for a fixed period up to 33 Months at the Department of Applied Spectroscopy – NZ53 at IFJ PAN will be obliged to participate in work on research topics and projects implemented and planned for the nearest period at the NZ53 Department.

The basic tasks of the employed person will include:

- participation in projects involving the use of X-ray spectroscopy and other X-ray techniques in biological, chemical and material sciences;
- defining your own research program within the scope of research using X-ray sources, both large-scale facilities and laboratory setups;
- supervision of diploma/master's theses carried out at the NZ53 Department.

The employed person will also be obliged to disseminate the results of research in the form of publications in leading scientific journals indexed in the JCR and speeches during seminars and conferences, including international ones. This person will also be obliged to apply for external funding for research.

**III. Required qualifications:**

- doctor degree in physical sciences or related disciplines: chemistry, physical chemistry or material science,
- scientific achievements documented by publications in prestigious international scientific journals,
- knowledge of the research topics and current activity in the field of X-ray radiation techniques,
- experience in working with scientific research equipment and analysis of experimental data,
- ability to work in a team,
- very good knowledge of spoken and written English.

Welcome:

- experience in the field of X-ray spectroscopy,
- completing an internship at a foreign scientific unit.

#### IV. Salary offered

A person employed for a fixed period up-to 33 Months as an adjunct (post-doc) will receive a monthly basic remuneration from **PLN 5,500.00 gross**, which depends on the candidate's achievements. The total amount of remuneration will be increased by **allowances** for: length of service and working under conditions of exposure to ionizing radiation (if applicable).

#### V. General information

Detailed rules of the competition are specified in the Terms and Conditions of Recruitment of Adjuncts and Research Assistants adopted by the IFJ PAN Scientific Council on April 12, 2021 and accessible at:

<https://www.ifj.edu.pl/en/career/documents/terms-and-conditions-adjunct-research-assistant.pdf>

**Candidates applying for employment in IFJ PAN are required to contact the head of the NZ53 Department, dr hab. Joanna Czapla-Masztafiak at an early stage, who may ask the candidate to deliver a seminar before submitting the application** and then the Head of the Department submits employment recommendation to the Competition Committee.

#### VI. Required documents

The list of required documents is included in the rules of the competition:

<https://www.ifj.edu.pl/en/career/documents/terms-and-conditions-adjunct-research-assistant.pdf>
